

Amendments to the Specification

Please replace the paragraph at page 3, line 28 to page 4, line 5 with the following amended paragraph:

In FIG. 3, the flat display is supported by the base stand 5 connected to the simple stand 4. The base stand 5 is hollow to house the simple stand 4 when the simple stand 4 and the base stand 5 are connected. Moreover, The base stand 5 comprises a pedestal 51 with a flat bottom surface at one end of the base stand 5, so that the base stand 5 can provide a stable support. The base stand 5 further comprises an opening at the end opposite to the pedestal 51 for insertion of the simple stand 4.
